RESPONSE TO PTO COMMUNICATION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In the PTO communication of November 23, 2004, the PTO states that only one terminal disclaimer (for application 09/900,355) was submitted with the response filed 9-3-04 and that the terminal disclaimer for the 10/331,735 application was omitted.

However, as the stamped return post card shows (see attached copy), two (2) terminal disclaimers were filed with the Amendment.

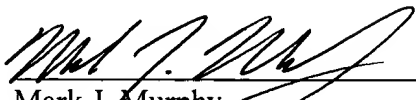

However, in order to advance the prosecution of this application, another copy of the terminal disclaimer for the 10/331,735 application is enclosed.

No fee is believed due for this response. If such a fee should be due, please charge our deposit account 50/1039.

Favorable consideration is earnestly solicited.

Respectfully submitted,

Date: December 2, 2004
